## FAQs about the THEORY OF MIND TASK BATTERY

**FAQ:** I work in a school and we want to purchase the Theory of Mind Task Battery. If we purchase one, can we all share it?

**Answer:** Think about the Theory of Mind Task Battery (ToMTB) the same way you would think about any other assessment tool that you purchase. The only difference is that the ToMTB comes to you via electronic download as opposed to having a copy of the materials sent to you in the mail. Once you download and print the ToMTB, you would use it the same way that you are expected to use other assessment tools. ***The ToMTB may be downloaded and printed ONCE.*** If you download the ToMTB more than once, if you print the tool more than once, or if you copy the tool after it is printed, these are violations of the terms of use. ***However, your single physical copy of the ToMTB that you print, may be shared with other professionals.***
